### SAFETY INFORMATION

---

Please read and understand this entire manual before attempting to assemble, operate or install the product.

## **WARNING**

Water allowed to accumulate inside the frames could freeze and damage the frame tubing. Such damage is not covered under the warranty.

This product contains rechargeable batteries. Batteries are to be inserted with the correct polarity. When the battery lives are exhausted, the batteries must be removed from the product and recycled or disposed of properly.

**DO NOT DISPOSE OF BATTERIES IN FIRE. BATTERIES MAY EXPLODE OR LEAK.**

## **PREPARATION**

---

Before beginning assembly of product, make sure all parts are present. Compare parts with package contents list. If any part is missing or damaged, do not attempt to assemble the product.

## **OPERATING INSTRUCTIONS**

---

For first time use (or when using a new battery), place the solar lamp in direct sunshine for a full sunny day. Allow at least 10-12 cycles (i.e., 10-12 days and nights of charging and discharging) for the batteries to charge to their full capacity.

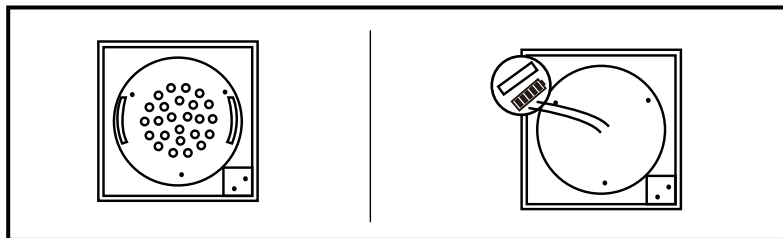

Turn the solar lamp to ON position. During the day, the solar panel converts sunlight into electricity and recharges the batteries. At night, the light turns on automatically using the electricity stored during the day.

The solar lamp should receive at least 6 hours of direct sunlight each day. Ensure that the lamp is placed where it can receive maximum sunlight every day.

Solar lamp does not receive as much direct sunlight in winter months. Therefore, the number of hours the light will stay on will be reduced during the winter.

### **How to change batteries**

Turn the switch to OFF position. Remove the solar panel from the solar lamp, then unlock the housing inside. Replace the old battery with a new 3.2-volt max. lithium Ion 14500 rechargeable battery. Lock the housing and put solar panel back to the lamp. Turn the switch to ON position.

## **CARE AND MAINTENANCE**

---

Use mild soap and warm water. Do not use abrasive materials, cleaners or bleach products. Rinse with clean water and dry thoroughly.

## WARRANTY

---

This warranty is for the original purchaser and applies to defects in materials and workmanship of your patio furniture, provided your unit is maintained with care and used only for personal, residential purposes.

Frames are warranted to be free from defects in material or workmanship for one (1) year.

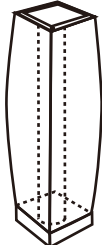

Exclusions: Items used for commercial, contract or other non-residential purposes, display models, items purchased "as is," or items damaged due to acts of nature, vandalism, misuse or improper assembly are not covered. Discoloration or fading of the finish or fabrics as a result of exposure to the elements, chemicals or spills is not covered. Tabletop breakage, corrosion or rusting of hardware and damages to frames or welds caused by improper assembly, misuse or natural causes are not covered.
